Dear Mr. Hesse,

There is an old saying:" Do not beat the cow that
fedds you with milk".

I am a consumer. As a consumer all I need is the best
software for a good price. Bill Gates has provided
this to me. I am not alone. We have millioons of
people around the whole world who depend on Microsoft
Products.

Bill Gates is one of the major contributors to our
economy. It is totally unwise to hurt him. I have used
Netscape Communicator. My computer was crashed.
Netscape Communicator is not as good as Microsoft
Internet Explorer. Therefore, if Netscape is not up ro
the mark, why should Mircsoft be Punished?

Please spare Microsoft. Please Do not beat Microsoft.

Thank you .

Sincerely,

Philip c. Sekar,Ph.D
